NOTE:

- Definition of **OFFSET**: The distance from the centerline of the wheel to the face of the mounting surface of the wheel.
- Definition of **BACK SPACING** (or **REAR SPACING**): The distance from extreme back edge of rim to wheel mounting surface (pad).
- **X FACTOR** means **CALIPER CLEARANCE** (or **BRAKE CLEARANCE**).
- All wheels should be carefully checked on the vehicle for fit and clearance prior to use.
